

Poster Session 1: Daily stress / mental health / disordered eating / work / various

Poster Number	Title	Authors
1	Physiology and affect in daily life.	Denise Johanna van der Mee , Eco J.C. de Geus
2	Association of daily life stress with the cortisol awakening response over a 14-months stress phase	Hannah L. Peter , Marina Giglberger, Sandra Zänkert, Gina-Isabelle Henze, Christoph Bärtl, Julian Konzok, Brigitte M. Kudielka, Stefan Wüst
3	Assessing daily stressors over the telephone versus the internet: Translating the Daily Inventory of Stressful Events	Jody Greaney, Ashley Darling, Jennifer Turner, Agus Surachman, David Almeida, Jacqueline Mogle
4	Daily-life stress in 22q11DS: examining affective and psychotic reactivity to stress in adolescents and young adults using the Experience Sampling Method	Laura Ilen , Clémence Feller, Stephan Eliez, Maude Schneider
5	Do neural responses to acute stress predict chronic stress perception in daily life over 14 months?	Marina Giglberger , Hannah L. Peter, Gina-Isabelle Henze, Sandra Zänkert, Christoph Bärtl, Julian Konzok, Brigitte M. Kudielka, Peter Kirsch, Stefan Wüst
6	Stress and recovery measured with heart rate variability: Do the findings of laboratory research translate to daily life?	Melanie Bamert , Sina Röthlisberger, Simone Vera Lüthi, Evelyne Julia Oesch, Jennifer Inauen, Sophie von Achenbach
7	Most common stressors and reappraisal techniques in student population – an Ecological Momentary Assessment and Intervention study	Gesine Schrade , Marta Anna Marciniak, Livia van Haren, Lilly Shanahan, Birgit Kleim
8	A Psychobiological Approach to Teacher Stress by applying Ambulatory Assessment Techniques	Sandra Isabell Schneider , Alexander Wettstein, Fabienne Kühne, Martin grosse Holtforth, Roberto La Marca, Wolfgang Tschacher
9	Feeling worried, restricted, and lonely: Ecological momentary assessments reveal psychological mechanisms of COVID-19-related distress	Matthias Haucke , Shuyan Liu, Sabrina Golde, Stephan Heinzl
10	Do women with differing levels of trait eating pathology experience daily stress and body dissatisfaction differently?	An Binh Dang , Matthew Fuller-Tyszkiewicz, Sarah de la Harpe, Vanja Rozenblat, Litza Kiroopoulos, Sarah Giles, Isabel Krug
11	Assessing Temporal Dynamics of Mood and Physical Activity with Machine Learning in Moderately to Severely Depressed Individuals	Matthew David Nemesure , George Daniel Price, Nicholas Charles Jacobson

SAA Conference 2021: Poster Agenda / Update 15.06.21

12	Dynamic Psychosocial Risk and Protective Factors Associated with Mental Health in Emergency Medical Service (EMS) Personnel	Bryce Hruska , Marley Barduhn
13	Temporal Relation of Symptoms in Patients with Borderline Personality Disorder and Depressive Disorders	Johannes Bodo Heekerens , Lars Schulze, Juliane Enge, Stefan Röpke
14	Combination of inpatient and mobile intervention after discharge for disorder-specific risk perception - design and methodology of an RCT with schizophrenia and alcohol patients.	Natascha Büchele , Daniela Mier, Brigitte Rockstroh, Michael Odenwald
15	Combined Pharmacotherapy and Evidence-Based Psychosocial Cannabis Treatment for Youth Reduces Selection of Cannabis-Using Friends	Samuel Meisel , Hayley Treloar Padovano, Robert Miranda
16	Two weeks Ambulatory Assessment of craving as predictor of 5-years addiction treatment outcome	Emmanuelle Baillet , Fuschia Serre, Laura Lambert, Marc Auriacombe
17	Insight-craving association among patients initiating addiction treatment: an EMA study.	Laura Lambert , Marie-Anne Riquier, Nematollah Jaafari, Fuschia Serre, Marc Auriacombe
18	Dynamic modeling of mediators of change during an online-intervention for social anxiety in adolescents	Noemi Walder , Thomas Berger, Stefanie Julia Schmidt
19	Exploring the dynamics of daily self-control episodes – a daily diary study across multiple achievement phases in trainee teachers	Elisabeth Prestele , Christine Altstötter-Gleich, Gloria Grommisch, Tanja Lischetzke
20	Capturing Circadian influence on intrusive re-experiencing in trauma survivors' daily lives with ecological momentary assessment	Alex Rosi-Andersen, Laura Meister , Belinda Graham, Steven Brown, Richard Bryant, Anke Ehlers, Birgit Kleim
21	Social Jetlag, self-control and Bedtime Procrastination in daily life: a diary study on determinants of bedtime procrastination	Liesemarie Albers , Christel Salewski
22	Selfie-Objectification: An Ecological Momentary Assessment study on the Relationships between Selfie and Body Dissatisfaction and Disordered Eating Behaviours	Xinyue Liu, Sarah Louise Eddy, Sarah Elizabeth Giles, Jade Portingale, Shanshan Liu, Matthew Fuller-Tyszkiewicz, Isabel Krug
23	The effects of Appearance-based Comments and Non-appearance-based Evaluations on Mood, Body Dissatisfaction and Disordered Eating: An Ecological Momentary Assessment Study in College Students	Shanshan Liu, Jade Portingale, Xinyue Liu, Sarah Louise Eddy, Sarah Giles, Matthew Fuller-Tyszkiewicz, Isabel Krug

SAA Conference 2021: Poster Agenda / Update 15.06.21

24	Do Food Delivery Services Impact on Disordered Eating During the Coronavirus Pandemic? An Ecological Momentary Assessment Study	Sarah Louise Eddy, Shanshan Liu, Jade Portingale, Xinyue Liu, Sarah Elizabeth Giles, Matthew Fuller-Tyszkiewicz, Isabel Krug
25	The relationship between the menstrual cycle, anxiety and inhibitory control – moderating role of oral contraceptives	Melanie Kowalczyk , Izabela Krejtz, Monika Kornacka
26	The effect of social interactions on anxiety and cardiovascular responses	Marthe Gründahl , Grit Hein
27	Applicant Fairness Perceptions During the Selection Process: Evidence from an N-of-1 Analysis	Sabrina Krys , Udo Konradt
28	Having to work from home: work engagement, well-being, and basic need satisfaction in Corona times	Hannah M. Schade , Yan Fan, Jan Digutsch, Thomas Kleinsorge
29	WORKCOACH: An innovative aftercare tool for vocational rehabilitation graduates combining coaching interviews with an ambulatory monitoring	Elisabeth Maria Riedl, Anna Maria Moraß, Regina Franziska Schmid, Wolfgang Dings, Joachim Thomas

Poster Session 2: Cognition / Assessment methods and tools / (Physical) activity / health behaviors / various

30	Assessing perceptions of memory functioning using intensive repeated measures designs: Are assessments biased by missing data?	Jacqueline Mogle , Jennifer Turner, Ruixue Zhaoyang, Laura Rabin, Robert Stawski, Nikki Hill
31	Frequency of Memory Lapses is Associated with Less Daily Disruption but More Concern in Everyday Life	Jennifer Renee Turner , Jacqueline Mogle, Nikki Hill, Ruixue Zhaoyang, Laura Rabin
32	Mobile based experimental paradigms: daily N-back performance and physical exercise	Gregor Wilbertz , Stephan Heinzl
33	Poster withdrawn	
34	Insights into Daily Problem-Solving Experiences and Their Relation to Different Cognitive Ability Performance Scores	André Kretzschmar
35	Predictors of completion speed for ecological momentary assessment surveys	Shirlene D Wang , Daniel Chu, Aditya Ponnada, Stephen S. Intille, Genevieve F. Dunton
36	Poster withdrawn	

SAA Conference 2021: Poster Agenda / Update 15.06.21

37	Quantifying activity to study healthy ageing	Stylianos Paraschiakos , Arno Knobbe, Eline P. Slagboom, Marian Beekman
38	Can motivational messages change older adults' momentary motivation of being physically active? A micro randomized-controlled pilot trial in older adults	Valérie Désirée Bösch , Jennifer Inauen
39	Age Differences in Affect Reactivity in Response to Daily-Life Stressors	James Walter Miller , Gloria Luong
40	Age Differences and Similarities in Nostalgia Frequency and Associated Affective Outcomes Using a Lifespan Sample	Jennifer Renee Turner , Jennifer Tehan Stanley
41	RealExperienceInsight: A smartphone app to conduct survey and experimental research	Sabrina Stöckli , Bettina Höchli, Claude Messner
42	Using a Telegram Chatbot as Cost-Effective Software Infrastructure for Ambulatory Assessment Studies with iOS- and Android-devices	Michael Barthelmäs , Marcel Killinger, Johannes Keller
43	A Study of the Feasibility of Non-Contact Ecological Momentary Assessment with Experienced and Naïve Participants	Louise Burke , Graham Naylor
44	Poster withdrawn	
45	Less is more: Resources and arguments for the use of simple one-button wearables in Ambulatory Assessment studies	Selina Volsa , Stefan Stieger, David Lewetz, Bernad Batinic
46	Developing a quality assessment tool for Experience Sampling Method items using a Delphi Study methodology	Gudrun Eisele, Anu P. Hiekkaranta, Yoram K. Kunkels, Davinia Verhoeven, Martine van Nierop, Inez Myin-Germeys, Olivia J. Kirtley
47	Browsing and Reusing the ESM Item Repository	Nikolaos Batalas , Ioanna Lycourentzou, Vassileios-Javed Khan, Panos Markopoulos
48	Willingness to participate in smartphone mobile-data-collection studies: Evidence from Switzerland	Alexander Seifert
49	Exploring reliability and effect sizes of digital biomarkers for Parkinson's disease in the m-Power dataset	Mehran Sahandi Far , Simon Eickhoff, María Goñi, Juergen Dukart
50	A Parallel Test of the SCRAM-CAM Ankle Monitors Ensuring Accuracy and Reliability.	Kelly van Egmond , Cassandra Wright, Michael Livingston, Emmanuel Kuntsche

SAA Conference 2021: Poster Agenda / Update 15.06.21

51	Associations Between Daily Activity Self-Appraisals and Domains of Neurocognitive Impairments: An Ecological Momentary Assessment (EMA) Study	Ryan J. Walsh , Mandy W.M. Fong, Christopher L. Metts, Alex W.K. Wong
52	The effect of physical activity in primary school on observed learning behaviour, self-reported learning experiences, and academic emotions	Christina Heemskerk
53	Event-triggered ambulatory assessment of sedentary behaviour among military college students	Tomas Vetrovsky , Pavel Vencel, Jitka Kuhnova, Richard Cimler
54	Associations between daily handwashing and incidence rates in Germany during the COVID-19 pandemic	Noemi Lorbeer , Jan Keller, Ulrike Panse, Antonia Domke, Amelie Führ, Lea Olivia Wilhelm, Lena Fleig
55	Daily links between perceived enjoyment and the enactment of handwashing plans: Does social context matter?	Lea O. Wilhelm , Jan Keller, Ulrike Panse, Antonia Domke, Amelie Führ, Noemi Lorbeer, Lena Fleig
56	Development of mental imagery-based Ecological Momentary Intervention to increase reward sensitivity	Marta Anna Marciniak , Lilly Shanahan, Ilya Milos Veer, Jens Tmmer, Erno Hermans, Raffael Kalisch, Birigit Kleim
57	Effects of Chronic Ethnic Discrimination in the Daily Life of Turkish Immigrants Living in Austria: 30-day Ambulatory Assessment Study	Andreas Goreis , Urs M Nater, Ricarda Mewes
